

## Flyfishing Guide

Certified since 2013

Founder and organiser of the annual European Tenkara Convention since 2013

## Tenkara GUIDE NETWORK

Certified since 2011

Your guide;

I learned to become a guide from different headguides in Sweden, Tasmania, England and Norway. To maintain, keep up and improve my own skills as a fisherman I still take each year a course or a guided trip to become a better guide and fisherman. Books can only teach you so much, but a proper guide can teach you in one day something that will take you a whole season to figure out.

I have a passion for rivers, creeks and their landscapes. Especially combining a tenkara rod with the techniques nymphing, wet fly, dry fly, the combo dry fly and nymph, is where I shine. And I make it my goal to introduce as many people as possible into the world of fly fishing and showing them that, with some guidance, fly fishing does not need to be so complicated as people think.

During my guiding I try to combine traditional fly fishing and tenkara in such a way that it will change the way you fish into a more exciting, effective way, it will literally change the way you look at fly fishing forever!

Fishing - Experiences

Guided Tours  
Workshops  
Presentations  
[www.tenkara-norway.com](http://www.tenkara-norway.com)

Completely tailor suited guided trips.

A simplified introduction in the world of fly fishing.

Specialised in both creeks and rivers with traditional fly fishing gear as well as tenkara.

Combining both tenkara and traditional fly fishing in such a way that you will fish in a more exciting and effective way.

Teaching you techniques which you can use during your future fishing trips that will turn you into a better fisherman.

Making sure that you experience everything that Trysil has to offer with its beautiful scenery, wild nature and different fishing opportunities!

## Tenkara guided trip

The basics of fly fishing with a Tenkara rod are a lot easier to learn and Tenkara offers a completely different approach to fly fishing as well, a more simplified approach, which makes it possible for everyone to learn the basics of fly fishing!

This is why I can focus more on teaching you how to read the water and which technique will be most effective in a specific circumstance; Tenkara techniques or the more traditional techniques in combination with a Tenkara rod. *This will lead to an unforgettable fishing experience;*

You will be surprised how much you will learn about fly fishing through Tenkara that can't be shown with traditional fly fishing. This trip will forever change your view on fly fishing!

## Traditional guided trip

This day will give you a refreshing look on fly fishing. We will go through some of the newest techniques within fly fishing that will give you a great way of changing between different presentations when necessary.

You will learn which techniques and flies are working during different circumstances, which casts to use, how to read the water and how to find out which fly to use when there are none to be seen.

This will create a better adaptation to the ever-changing weather situations, fishing scenarios, fly-hatches and a better understanding on how to use your flies to their fullest!

During my guiding I try to show you what fishing in Trysil is really all about by combining traditional fly fishing and tenkara in such a way that it will change the way you fish into a more exciting, effective way, it will literally change the way you look at fly fishing forever!

### How to book a guided trip?

Contact me or look me up at camping Trysil Hyttegrend. Before each guided trip we will go through your casting and fishing abilities and discuss what it is that you want to learn and experience to make sure that the trip will be tailor suited to your needs.

I speak both Dutch, English, German, Swedish and Norwegian.

### Prices

Half a day guiding; 1500,-Nok  
(without lunch and license)

Full day guiding; 2000,- Nok  
(includes a lunch)

These prices are for 1 person per trip. Each extra person pays 500,- Nok. So three persons for a full day is 2000,- + 2x 500,- The total is then 3000,- which includes a lunch for all three.
